Amendment dated 12/07/2004

Reply to Office action of June 7, 2004

Amendments to the Claims:

- 1. (Original) A cosmetic or dermatological water-in-oil emulsion, comprising
- (i) up to 95% by weight of a water phase,
- (ii) up to 60% by weight of a lipid phase,
- (iii) up to 10% by weight of one or more emulsifiers, and
- (iv) up to 5% by weight of one or more ammonium acryloyldimethyl-taurate/vinylpyrrolidone copolymers,

based on the total weight of the emulsion.

- 2. (Original) The emulsion as claimed in claim 1, wherein the content of the one or more ammonium acryloyldimethyltaurate/vinylpyrrolidone copolymers is from 0.01 to 5% by weight, based on the total weight of the emulsion.
- 3. (Original) The emulsion as claimed in claim 1, wherein its lipid content is from 0.5 to 60% by weight, based on the total weight of the emulsion.
- 4. (Original) The emulsion as claimed in claim 1, wherein its lipid content is from 10 to 30% by weight, based on the total weight of the emulsion.
- 5. (Original) The emulsion as claimed in claim 1, wherein the water phase includes water and one or more compounds selected from the group consisting ethanol, isopropanol, propylene glycol, glycerol, ethylene glycol, ethylene glycol monoethyl ether, ethylene glycol monobutyl ether, propylene glycol monomethyl ether, propylene glycol monoethyl ether, propylene glycol monobutyl ether, diethylene glycol monomethyl ether, diethylene glycol monoethyl ether, diethylene glycol monoethyl ether, 1,2-propanediol, and glycerol.
- 6. (Original) The emulsion as claimed in claim 1, wherein the water phase includes at least one hydrocolloid or thickener.

Amendment dated 12/07/2004

Reply to Office action of June 7, 2004

- 7. (Original) The emulsion as claimed in claim 1, wherein the lipid phase includes one or more compounds selected from the group consisting of 2-ethylhexyl isostearate, octyldodecanol, isotridecyl isononanoate, isoeicosane, 2-ethylhexyl cocoate, C_{12-15} -alkyl benzoate, caprylic/capric triglyceride, dicaprylyl ether.
- 8. (Original) The emulsion as claimed in claim 1, wherein the emulsifier includes one or more compounds selected from the group consisting of glyceryl monostearate, glyceryl monoisostearate, glyceryl monoisostearate, glyceryl monoisostearate, diglyceryl monoisostearate, propylene glycol monoisostearate, propylene glycol monoisostearate, propylene glycol monoisostearate, propylene glycol monoisostearate, sorbitan monoisostearate, sorbitan monoisostearate, sorbitan monoiaurate, sorbitan monoisostearate, sorbitan monoisooleate, sucrose distearate, cetyl alcohol, stearyl alcohol, arachidyl alcohol, behenyl alcohol, isobehenyl alcohol, selachyl alcohol, chimyl alcohol, polyethylene glycol(2) stearyl ether (steareth-2), glyceryl monolaurate, glyceryl monocaprate, and glyceryl monocaprylate.
- 9. (Original) The emulsion as claimed in claim 1, wherein the emulsifier includes both a water-in-oil emulsifier and an oil-in-water emulsifier.
 - 10. (Original) A cosmetic or dermatological water-in-oil emulsion, comprising
 - (i) up to 95% by weight of a water phase,
- (ii) from 20 to 60% by weight of a lipid phase, based on the total weight of the preparation,
 - (iii) up to 10% by weight of one or more emulsifiers,
- (iv) from 0.01 to 5% by weight of one or more ammonium acryloyldimethyl-taurate/vinylpyrrolidone copolymers, and
- (v) one or more compounds selected from the group consisting of dyes, color pigments, pearlescent pigments, UV filters, and antioxidants.

Reply to Office action of June 7, 2004

11. (Original) The emulsion as claimed in claim 10, wherein one or more antioxidants is present in an amount from 1 to 10% by weight, based on the total weight of the emulsion.

12. (Original) The emulsion as claimed in claim 10, wherein one or more antioxidants is selected from the group consisting of vitamin E, vitamin E derivatives, vitamin A, vitamin A derivatives, carotenes, and carotene derivatives.

13. (Original) The emulsion as claimed in claim 10, wherein the total amount of dyes and color-imparting pigments is present in an amount from 0.1 to 30% by weight, based on the total weight of the emulsion.

14. (Original) The emulsion as claimed in claim 10, wherein the total amount of dyes and pigments is present in an amount from 0.5 to 15% by weight, based on the total weight of the emulsion.

15. (Original) The emulsion as claimed in claim 10, wherein the total amount of dyes and pigments is present in an amount from 1.0 to 10% by weight, based on the total weight of the emulsion.

16. (Original) An eye shadow, including the emulsion as claimed in claim 10.

17. (Original) A method of treating skin or hair, comprising applying to the skin or hair a cosmetic or dermatological water-in-oil emulsion, comprising

- (i) up to 95% by weight of a water phase,
- (ii) up to 60% by weight of a lipid phase,
- (iii) up to 10% by weight of one or more emulsifiers, and
- (iv) up to 5% by weight of one or more ammonium acryloyldimethyl-taurate/vinylpyrrolidone copolymers,

based on the total weight of the emulsion.

Reply to Office action of June 7, 2004

18. (Original) The method as claimed in claim 17, wherein the cosmetic or dermatological water-in-oil emulsion is applied by spraying the emulsion from an aerosol container.

- 19. (Original) The method as claimed in claim 17, wherein the cosmetic or dermatological water-in-oil emulsion is applied by means of a roll-on device.
- 20. (Original) The method as claimed in claim 17, wherein the cosmetic or dermatological water-in-oil emulsion is applied from a squeezable bottle or bottle with a pump device.
